<b>Assembly instructions</b>	StayPlugged for Attractec Jetsuit
Bill of material	

PN	Description	Units	Page
AT1013	StayPlugged Bracket	1	A1
AT1014	Cable Retention Clip	6	A3
AT1018	Thumb screw for StayPlugged	8	A1, A3

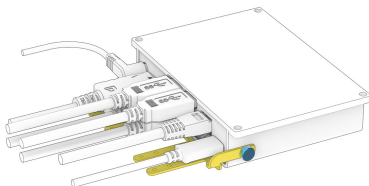

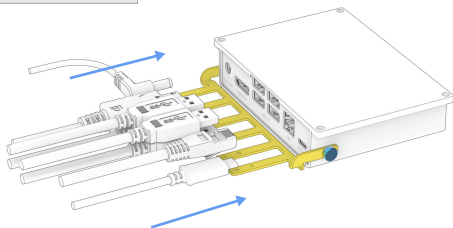

Push StayPlugged bracket into designated slots in sides of Jetsuit

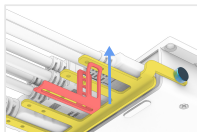

Tighten two thumb screws

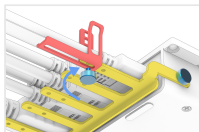

Connect cables normally

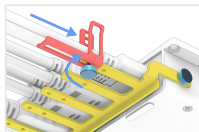

**A3 Assemble clips**

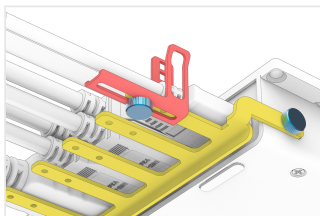

Push clip onto bracket post

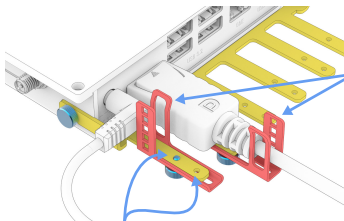

Partially tighten thumb screw

Push clip forward until it presses against the cable's connector and tighten thumb screw

Repeat for all cables

Clip can be mounted in reverse for cables with long connectors

There are two positions for thumb screw. The outermost is for long connectors.
